Mysore Public Works Department,

No. 379/2567 Central Office,

Dated, Bangalore, 9th April 1908.

From,

The Secretary to Government
of His Highness the Maharaja of Mysore,
Public Works Department

To,

The Sanitary Engineer,
Sanitary Division.

With reference to correspondence ending with his No.337 of the 10th February last in connection with the project amounting to Rs 70,000 for converting the bed of the Dharmambudi Tank into a Park has the honor to inform the Sanitary Engineer that Government are not willing to sanction such a large expenditure on an object, which though sanitary in effect, is not, apparently of pressing importance. They observe that the proposed park would doubtless be a great improvement both from the sanitary and aesthetic point of view but the former consideration could be met by a much cheaper scheme, whilst the latter is eminently one for the Municipality to give effect to and pay for. It is suggested that the water that now flows into the tank could be diverted for a small sum and the tank bed made fit for a recreation and play ground for the schools.

2. The project will be returned in due course

(sd) M. Singaravelu,
For Secretary to Government
of Mysore, P.W.D.
